

# Double Grand Norwegian Forest Cats

## What is a double graded cat?

A double graded cat is a cat that has achieved the awards of Grand Champion (GC) and Grand Premier (GP). A grand champion must acquire 200 points over the course of its cat show career and a grand premier must acquire 75 points over the course of its cat show career. Although there is not a specific title for these winners, cats who are double grands will have both the GC and GP titles in their name.
